CHIEF SECRETARY'S 21 AUG. 1928

To

N.MADHAVA RAO, Esq., B.A., B.L.,

Chief Secretary to Government,

Bangalore.

Sir,

With reference to your letter No. L. 9278-84-10-27-44 dated the 17th May 1928, re: programme of well works for the year 1928-29, I have the honor to submit herewith a list of well works to be taken up during the year 1928-29 and to state that it has been prepared having due regard to the urgency and importance of each work. It includes 63 well works, the total estimated cost of which is Rs 60,846-0-0. Besides, there are 30 incomplete works of previous years and the Government grant required to complete those works is estimated to be Rs 7185/-

Out of 63 well works included in this programme, estimates have been prepared in respect of 1 well works and they have been scrutinised by the Executive Engineer. The ryots' share of contribution received in cash amounts to Rs 3,096-0-0 and that promised in cash is 890/- and by labour is Rs 4,426-0-0.

The works will be taken up in the following order:--

(i) Incomplete works of previous years.

(ii) Works for which contributions have been received.

(iii) (a) Works for which contributions have been promised either in cash or labour.

(b) Works in villages where difficulty for water is keenly felt for Depressed Classes.

An allotment of Rs 10,000/- has been sanctioned to this District for

for drinking water wells for 1928-29. All the works included in the programme cannot be taken up during the year. Preference will be given to works for which contributions have been received and works referred to in the Dewan's Tour Notes, keeping of course, a reserve for meeting emergent demands which may arise on account of adverse seasonal conditions or other causes.

I have the honor to be,

Sir,

Your most obedient servant,

Deputy Commissioner,
